

SCDOT Meeting at Jackson Middle School

November 6, 2017

On November 16, 2017, the South Carolina Department of Transportation will have a public information session at the Jackson Middle School to preview preliminary plans for the Silverton Street and Atomic Road intersection improvements.

These improvements are a turn lane on Atomic Road at the Circle K Gas Station. A traffic signal to help traffic cross Atomic Road from Silverton Street. This may not be all the issues in the SCDOT plans. A more thorough plan will be available for preview at Jackson Middle School during the meeting.

I feel these improvements have been a long time coming for the town. We need each and every one to get involved in this discussion. Please try to make arrangements to attend the drop in at Jackson Middle School from 5-7pm on November 16, 2017.

November 16<sup>th</sup> is also the Community Thanksgiving Dinner and Tree Lighting. Everyone in the Jackson Community is invited. The Christmas Tree Lighting is at 6:00pm, with dinner served immediately following.

Warm Regards,

K. Todd Etheredge
